

Our focus is release paper

A seal of experience and trust

- 
- A background image showing two hands shaking in a firm grip, symbolizing agreement, trust, and partnership. The hands are positioned centrally, with the left hand from the left and the right hand from the right, meeting in the middle. The lighting is soft, highlighting the texture of the skin and the firmness of the handshake.
- ✓ Since inception in 1992, Globus International has gradually built its name in the manufacture of Silicone Release Papers
 - ✓ The company has been an importer of papers for over 2 decades, enabling it to procure quality base papers from Europe & USA
 - ✓ A rich experience of the domain has induced knowledge of a wide range of release liners
 - ✓ These products are manufactured using excellent quality paper and cutting-edge technology in compliance with international quality standards

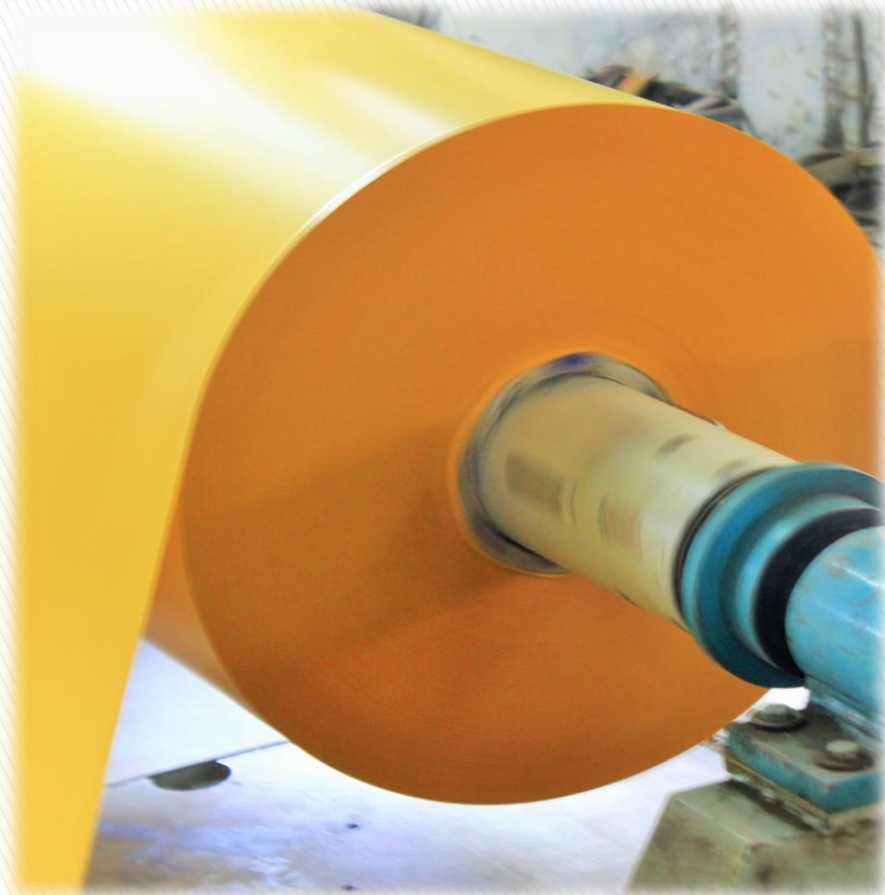

The Story...

- ✓ We deliver 1-Side, 2-Side, Differential & Customized Release Liners
- ✓ Range: 60Gsm–130Gsm paper in White, Honey, Natural & Havana Colors; 25–70 microns polyester liners
- ✓ Our plant boasts of a 2000 sqm. working area based in Khopoli, 65 kms from Mumbai
- ✓ Two solvent-less coating lines of 1350 & 1750 mm wide capabilities and a range of slitting and finishing machines
- ✓ Well equipped lab for testing of raw materials & outgoing coated paper quality
- ✓ The Company is registered to ISO 9001:2008 Standards

- ✓ We deliver Slip-Slit facilities – Micro slit pancake rolls held together with notches
- ✓ Printed double side silicone liners – Double side coated release papers printed on one side for product branding, identification and security
- ✓ Strip release coating – Release paper with an uncoated strip at the edges, most suitable for bag making on automatic machines & other specific applications
- ✓ Double side release papers wound up to 5000 RMT
